

Inspector General (IG)

The Army IG System

IGs serve their commanders and organizations through four basic functions:

- Inspections
- Assistance
- Investigations
- Teaching and Training

IGs base their fact-finding activities upon standards such as laws, DOD Directives, Army Regulations, policies.

Who Can Submit an IG Complaint?

- **Anyone** (must be an Army related issue)
 - Communication with the Inspector General is a **Protected Communication** and no one ought to restrict anyone from speaking with the IG.

Things to “Consider”

- Use your **chain of command!**
- IGs do not order **resolution**, they recommend to you or your commander
- IGs are **fact finders** – not fault finders
- Resolution is based on **facts only and not hearsay**
- **Be prepared** to take “No” for an answer
- Be honest
- Be sure you have a problem, “not just a peeve”
- Don’t expect instant action

What gets Soldiers into trouble?

Abuse of Authority or Position

- Failure to investigate
- Failure to take corrective actions
- Unlawful command influence
