Cancer survivor gets VIP treatment as 'Pilot for a Day'

"For him to be able to do something like this... it's really spectacular." 4th Airlift Squadron gives 14-year old cancer survivor a tour of McChord Airfield as Air Force program's newest "Pilot for a Day." | 62AW, via [Northwest Guardian](#)

Integrity Gate opens March 2

The newly-constructed Integrity Gate (at Wharf Rd. & Dupont-Steilacoom Rd., Lewis North) opened March 2. Regular hours of operation are 5 a.m. - 7 p.m., Monday-Friday.

JBLM adds 3rd AIE registration location

Military ID cardholders new to JBLM or who have been issued a new or replacement Common Access Card need to register those cards for them to work at the Automated Installation Entry (AIE) system at JBLM's installation access points. Registration can now be completed at 3 locations on JBLM - the Lewis Main Visitor's Center, McChord Field Visitor's Center, and now at the Bldg. 100 Customer Service Mall on McChord Field.

Military ID cardholders who do not register in AIE will continue to be admitted at the gate, but will need to wait for security personnel to hand-scan their card before the barrier is raised when the AIE system is in use.

Wounded Warriors find federal civilian employment after transitioning through the Operation Warfighter Program

By 1st Lt. Antonia Elena Pearse
Regional Health Command-Atlantic

WASHINGTON, D.C. -- The Operation Warfighter Program is a Department of Defense program established in 2006 that matches qualified wounded, ill and injured service members with nonfunded federal internships and fellowships in order for them to gain valuable work experience during their recovery and rehabilitation. Many of the internships and fellowships take place at federal agencies like the Department of Homeland Security's Federal Emergency Management Agency.
